October 11, 1814 in Bromsgrove, Worcestershire, England (Source: *Bromsgrove Parish Records Film #0321127*), Both James & Mary Ann made their marks. Witnesses were William Brooke and Thomas Rose.), daughter of John Kings and Elizabeth Green. She was born Abt. 1795 in Bromsgrove, Worcestershire, England, and died Abt. 1862 in Bromsgrove, Worcestershire, England.

Notes for James Banner:
James and his family lived in Catshill from 1816 to 1818, and in Lickey during the 1820's, then moved to Burcott and seemed to stay there. Information gathered from the 1841 and 1851 census for Bromsgrove, England
In 1841 James and Mary are listed as 45 years of age. James is an Agricultural Labourer and Mary is a Nailor. I thought they lived in Bromsgrove but apparently they lived in the village of Burcott just outside Bromsgrove. According to Colin Wood James must have lived on Alcester Road as you walk from Lickey End in Burcott, just past the entrance to Burcott Lane and near to Hill Homestead. Aaron and his brothers are still at home, but all the girls have left.
In 1851 James is listed as 62 and Mary is still 45!!! John is still at home but all the rest have left.

The following information about Nailor's was sent to me by a cousin Audrey Wheeler and Colin Wood another genealogist living in Bromsgrove. They explained that even though our family did not appear to be Nailor's on a regular basis they may have been engaged in that profession on a "part-time" basis. They would have had it just as hard being agricultural labourers. Aaron appears to have been a hay trusser all his life, but this

would have been seasonal and he would have had to find other work at sometime. As "Day Labourers" they would have been hired by the day to do any type of work with no long term employment, but from one day to the next.

A Nailor's Life:

Nailmaking was mainly a domestic trade with nails being made in small workshops attached to Nailor's houses. The nailshop was a small one-story building with a hearth where iron rods were heated on a coke fire. There would be a bellows to provide draught to the fire, and an anvil on which the nails were hammered, a heavy hammer known as the "oliver" which was worked by a treadle and a pole and which formed the head of the nail. To make a nail by hand required a great deal of hard work. An iron rod was heated in the fire. It was then laid on the anvil and the point formed by several blows of a hand hammer. It was then cut to the required length on a fixed chisel called a hardy, inserted into the bore which held it while the oliver, the heavy hammer was brought down on it to form the head. It was then ejected from the bore by a lever and the process began again with the next length of iron on the rod.

The men worked hard for very long hours and very little pay. Often they would go straight to the beer house after work and then home to beat the wife, and up the next day at four or five to start work again. Conditions for women were doubly hard in that they were expected to combine work and domestic duties. Pearson's Magazine reported a woman in Bromsgrove who had been married 23 years and who had never had a new dress since she was married, and another whose only new dress was paid for by subscription at church so that she had decent black clothes to wear at the funeral of her child. Even the children, as young as eight had to work. Very often parents would chain the children to the anvil so they had to work. And often the children did not have any shoes to wear and the roads were but mud tracks. Nailing families became notorious for their poverty, poor diet and bad housing conditions.

The nailing system was very strange. At the top of the "tree" was the Nail Master who owned large warehouses where he stored the iron to make the nails, and the nails when they were returned from the Nailor's cottage. At the bottom of the "tree" was the Nailor, who bought the raw iron and worked hard for around 16 hours a day forging the iron into nails.

And the crunch - in between these two came the Nail Fogger, also known as Nail Factors or Sweaters. They ripped off the Nailor's every way they could. The Nail Masters and Factors would often have houses built for themselves, where as the Nailor could barely earn a living. The Nail Fogger, a man who was very often a Nailor himself but bought the iron from the Nail Master and then sold it on to the Nailor's to make into nails. All this exchange of iron and nails was done by weight and very often the Nail Fogger would have three sets of scales - one to sell the wrought iron and one to buy back the nails and a correct set for the inspectors. Wrought iron weighed out would be "heavy" and the nails weighed back in would be "light." This way the Nail Foggers fiddled the all ready hard up Nailor out of lots of money and made it for themselves.

On top of this most Foggers had a little shop of their own and paid the Nailor in tokens which could only be spent in their shop, for goods at inflated prices. This was know as the truck system and was eventually outlawed. The Nailor's of course were illiterate and in numerate so could not argue either way.

The Nailor's had to "work" the iron into nails in a given time period, otherwise he would end up in court for not doing so. Often Nailor's would pawn their "Sunday Best" set of clothes on Monday to buy food, only to go and get the clothes back again on Sunday morning to go to church. The Nailor's often went on strike to try and get more money - but it did not always work. At one time the militia were ordered to charge down Bromsgrove's High Street on their horses to try to break up the crowds that had gathered. To counteract this the Nailor's used to make "caltrop" nails, or "tisas" nails to throw on the ground. These nails were a tetrahedron with four legs ground to a point, so which ever way they fell on the ground there would always be a spike facing upwards. These spikes would then stick in the horses hoofs and make them lame.

To supplement the Nailor's income, in the summer many worked the land and became market gardeners. And another source of income was the hop picking in Herefordshire during the summer. Many Nailor's would take a "holiday" and go hop picking - taking the children with them so when they returned they would be in court for keeping their children away from school. All the money they had earned, gone in court fines.

The following is from a letter written December 31, 1900

On the last day of the old century when people got up in the morning to go to work the first thing they saw was their furniture floating about in their homes, in some places the water rose to a depth of 6ft and in Birmingham the water rose as high as the arms of the lampposts. One policeman who wanted to reach his home to see if his wife and family was quite safe had to swim a distance of 10 yards across the street with his clothes on. Almost every river in England overflowed it's banks, the water running out of the rivers soon found it's way into the streets and villages. People who had to go to work found it almost impossible to get out of their houses to earn their daily bread. The River Spadesbourne which runs through Bromsgrove overflowed it's banks and the water rushed down Worcester Street and Watt close and soon found stopping places in houses etc. Messrs Russell and Vinings Boot factory became flooded. A pigsty in Gas Square was washed away and it's occupant had to swim on all fours down a running stream, it being rescued from drowning after much difficulty. Almost hundreds of rabbits, fowls etc were drowned in the stream.

Notes for Mary Ann Kings:

Mary worked from at least 1841 to after 1851 as a Nailor. I think I have found her on the 1861 census living in Burcott, listed as a widow, age 60 and a Laundress. She has a lodger William Hampton age 52 living with her.

Because of the age given which makes her younger than she really was I think the death in 1862 which again has her age as 60 is probably our Mary.

Generation No. 6

18. Aaron⁶ Banner (James⁵, James⁴, Thomas³, Thomas², Edward¹) (Source: *Certified Copy of Entry of Marriage for William Banner & Hannah Maria Slater.*) was born June 30, 1816 in Bromsgrove, Worcestershire, England, and died November 29, 1877 in Bromsgrove, Worcestershire, England (Source: *Certified Copy of Entry of Death for Aaron Banner*, Aaron Banner age 63 died at St. John Street, Bromsgrove in the county of Worcester, England. Present at this death was Catherine Kimberley of Worcester Street, Bromsgrove.). He married **Mary Gregory** (Source: *Certified Copy of Entry of Marriage for Walter Slater & Anne Hiron.*) December 25, 1841 in Saint Bartholomew, Tardebigg, Worcestershire, England (Source: IGI Batch #M045771.), daughter of John Gregory and Hannah Butler. She was born Abt. 1814 in Belbroughton, Worcestershire, England, and died February 09, 1898 in Little Lane, Bromsgrove, Worcestershire, England.

Notes for Aaron Banner:

At the time of Louisa's birth in 1845 Aaron and Mary lived on High Street in Bromsgrove.

On the 1851 census Aaron and his family are listed as living at 158 Worcester Street, Bromsgrove.

I tried to get photos of these houses but was told they were no longer standing. Here is a summary of what the houses were like in those day.

Very often families of 13 would live in a "two up two down" cottage. No bathroom, but a wash tub in the front room by the coal fire. No toilet.

Brick outhouses were built at the bottom of the garden and "night soil men" would empty them at night and spread the effluent on the fields. Often the toilet was a communal latrine, having four or five seats in a row. No running water - a shared hand pump in the back garden, or a well - another source of neighbourly feuds.

The single storey building adjoining the cottage often doubled as a Wash house and a Brew house, where the laundry got done and beer and cider was made.

Also if a policeman stood outside your house and could hear you swearing inside the house, then you ended up in court and were fined.

He married **Elizabeth Vaughn** (Source: *Bromsgrove Parish Records Film #0321131.*) August 24, 1862 in Bromsgrove, Worcestershire, England (Source: *Bromsgrove Parish Records Film #0321131.*), daughter of James*** Vaughn and ?*** "Vaughn". She was born Abt. 1834 in Norton, Worcestershire, England, and died Aft. March 31, 1901.

Notes for William Banner:

I have found a William Banner son of James marrying Elizabeth Vaughn August 24, 1862. He is listed as a widower, but so far I cannot find a first marriage. I have found a marriage to Emma Causer in July of 1853 in Birmingham. I also cannot find him on the 1861 census for Bromsgrove, but have found a William and Emma Banner in West Bromwich in 1861. More research needed to confirm this information.

I have also found Emma Causer in the 1851 census for Bromsgrove and she is around the correct age and from Birmingham which would be why they married there. I have also found a death for an Emma Banner on October 24, 1860, age 30 from Birmingham Road but this would mean the 1861 census is not our William. Again more research needed.

The Last Will and Testament of me Hannah Maria Banner of 21 Francis Avenue, Southsea in the Parish of Portsmouth and County of Hants, Widow.

I hereby evoke all Wills, Codicils and other Testamentary instruments by me at anytime heretofore made.

I appoint my Sons Cecil Herbert Banner and Sydney Gordon Banner to be the Executors and Trustees of this my Will.

I bequeath all my wearing apparel, jewellery, watches, trinkets and articles of personal use and adornment to my Daughter Maud Elizabeth Banner, absolutely.

I bequeath and National and or War Savings Certificates of which I may be the owner or possessed of or which may stand in my name at the time of my decease to my Son, Reginald Godfrey Banner, absolutely.

I devise my dwelling house Number 56 Waterloo Road, Aldershot in the County of Hants to my Son Sydney Gordon Banner in fee simple, which properly belongs to my said Son. He having bought and paid for the same with his own monies, so that I am really a Trustee thereof for him.

I give, devise and bequeath my freehold dwelling house 21 Francis Avenue, Southsea, and all my plated articles, linen, china, glass, books, pictures, prints, and household furniture and effects unto my Trustees to be held by them upon the following trusts, namely - To permit my daughter Maude Elizabeth Banner to have and use and enjoyment thereof during her life unless she shall cohabit with Harry Ellson with whom she went through a form of marriage or she shall marry.

If she shall cohabit with the said Harry Ellson or marry or die then on the happening of the first of such events I direct my Trustees to sell the said dwelling house, furniture and effects and offer payment there out of the expenses attendant on such sale they shall stand possessed of the proceeds upon the following trusts.

If the said sale is occasioned through my said Daughter cohabiting with or marrying the said Harry Ellson then the said proceeds shall be divided between such of them, my Sons, Percival Leonard Banner, Cecil Herbert Banner, Sydney Gordon Banner, Reginald Godfrey Banner and Leslie Victor Banner, as shall be living at the date of such sale and if more than one in equal shares.

If the sale of the said dwelling house, furniture and effects is occasioned through my said Daughter marrying any person other than the said Harry Ellson then the said proceeds shall be divided between her and my said Sons mentioned in sub-clause A, hereof or such of them my said Daughter and Sons as shall be living at the date of such marriage and if more than one in equal shares.

In the event of the sale of the said dwelling and effects being occasioned through the death of my said Daughter then I direct that such proceeds shall be divided between such of them my said Sons, and the two natural children of my said Daughter, Maude Elizabeth Banner, namely Maude Henrietta Banner (otherwise Ellson) and Sidney Iris Banner (otherwise Ellson) as shall be living at the date of the death of my said Daughter and attain the age of 21 years and (subject as hereinafter mentioned) if more than one in equal shares but so that if both the said natural children of my said Daughter shall live to attain a vested interest (and they have to share with my said Sons or any of them) they shall take on share only between them, that is they take equally between them a share equal only to that which each of them my said Sons shall take. Without creating any binding obligation on my said Daughter or any trust in favour of my said Sons, by the expression of the following wish it is my wish that whilst my Daughter has the use and enjoyment of the said dwelling house, under the provisions of this clause she shall permit any of my unmarried Sons who may wish to do so to reside in the said dwelling house and to have a home. But nothing in the expression of this wish shall fetter my Daughter's absolute interest in the said dwelling house, furniture and effects until the same has to be sold in accordance with the provisions in that behalf, herein before contained.

I devise my dwelling house Number 58 Waterloo Road, Aldershot, Hants unto my Trustees to be held upon the same trusts as are declared with respect of my dwelling house at 21 Francis Avenue. Dated September 13, 1934 - Signed by Hannah Banner: Witnesses - Arthur Elliott and Harold Hure.

I am not sure what happened to Maud Elizabeth, but she lived at Francis Street and at least one of her brothers died there. From letters to Victor Banner from her daughters they don't know anything of their Father, but on Maud's death certificate her name is Maude Elizabeth Ellson?????

On the 1901 census Hannah is working and living at the 38 64 Regimental Depot with Reginald and Leslie. It says under employment status - 'Own Account' so I assume she was not destitute and had her own money. Her age was wrong and the last name was Barnes instead of Banner but I am 100% sure it is them.

Served in the Canadian Expeditionary Force during the First World War with the rank of gunner, his service number was 322860. He served in Canada, Britain and France from February 11, 1916 until his discharge on July 4, 1919 in Hamilton, Ontario. He was a private, and received an Honorable discharge. He received the British War Medal and The Victory Medal.

On his attestation papers made out on February 11, 1916 Percy states his age as 35 and his previous military service as 5 years in the Army Service Corps in England, 7 years in the reserve, and 3 years Second Dragoons.

On their marriage certificate Percy's occupation is listed as Carman, I looked it up and it means - a person who drove a vehicle to transport goods.

August 1999 - I just received Grandpa's attestation papers when he joined the army in England, March 24, 1899. He was to serve 3 years with the Colours and 9 years in the reserve. At 18 he was already a member of the Militia and worked as a butcher. When he joined at Lichfield Barracks, Woolwich he was 5 feet 3 1/2 inches tall, weighed 109 pounds, with a chest measurement of 32 inches, complexion - fresh, eyes - brown, hair - auburn.

On April 3, 1954 Percy Leonard and Alice Maude were honoured at a reception held by their family and friends to celebrate Their Golden (50th) Wedding Anniversary.

I was at the library checking City Directories today and for some reason I can't find Grandpa until 1911 and I know they were here long before that.

In 1911 he worked at Cockshutt Plow Company and lived at 1s Webling St. In 1915 they have him as ftr Cockshutt & Company and according to the film they lived at 35 Ruth Street up to 1920. He is not listed for 1921 and by 1922 they were at 74 Bishop Street. He worked at Cockshutt Plow and by 1920 was listed as a machinist until he retired in 1950

WEDDING BELLS - SMITH-BANNER

Trinity Church was the scene of a very pretty autumn wedding on Saturday afternoon when Miss Maud Banner, eldest daughter of Mr. and Mrs. Percy Banner of Brantford was united in marriage to Mr. Stanley Smith, eldest son of Mr. and Mrs. T. Smith, of Brantford. Rev. C.H.P. Owen conducted the ceremony in the presence of immediate relatives of the bride and groom. The wedding music was played by Miss M. Owen and during the signing of the register Mr. G. Almas of Toronto sang "For You Alone." The bride who was given away by her father wore a lovely dress of white georgette over satin, trimmed with satin ribbon, white kid shoes and a coronet of orange blossoms. Her shower bouquet was of Ophelia roses and baby's breath with asparagus fern. Miss Alice Banner, sister of the bride made a charming bridesmaid, her dress being of shell pink georgette over satin with hat and shoes to match. She carried a bouquet of Columbia roses and baby's breath, with pink and silver ribbon. Mr. Tolhurst attended the bridegroom. Following the ceremony a reception was held at the home of the bride's parents, which was decorated in white and blue for about 85 guests. Mrs. Banner received in a handsome gown of

black georgette with sand trimmings and a hat to match, with a corsage of sunset roses, and assisted by Mrs. Smith mother of the groom who was smartly dressed in black satin with velvet hat to match, with a corsage of white roses. Later Mr. and Mrs. Smith left by motor for Toronto and points east, the bride travelling in a French beige satin dress with hat and fox fur to match. On their return they will reside in Brantford. Out of town guests were present from Toronto, Hamilton and Detroit. The gifts were costly and numerous.

These stories were transcribed from a video interview with Ellen (Banner) Brown in 1991. Mom said that Aunt Maude was always wandering away as a small child. Grandma was at home with Ellen, and Alice who was just a baby and could not always keep a good eye on Maude. Grandma got so worried about her always straying that one day she tied her up to a pole in the back yard. Apparently Maude would get so tangled up all the time that Grandma gave up on that idea. One day when Maude was about four she was gone for a very long time and Grandma was worried about her. When the children were coming home from school Grandma saw Maude with them and called her home. She asked Maude where she had been and Maude told her at school. Grandma asked what had happened and Maude told her she followed the kids into the school and just sat down. The teacher asked what her name was and Maude told her "Maudie darling" that is what Grandma and Grandpa called her. From then on she went to school every day and at least Grandma knew where she was!

BROWN: Ellen Amelia - In memory of my beloved mother, who died September 10, 1994.

The tide recedes but leaves behind
Bright seashells on the sand.
The sun goes down and gentle warmth
Still lingers on the land.
The music stops but echoes on
In all its sweet refrains.
For every joy that passes
Something beautiful remains.
Loved and sadly missed by daughter, Marilyn and family.

BROWN - In loving memory of a dear mother, Ellen, who passed away September 10, 1994.

Love's last gift - Remembrance.
Every day in some small way
Memories of you come my way.
Though absent you are ever near
Still missed, still loved and ever dear.
Lovingly remembered by daughter, Dorothy

BROWN: Ellen Amelia - In loving memory of a very special mother and grandmother, Ellen Amelia, who passed away September 10, 1994.

God looked around his garden
And found an empty space,
He looked down upon the earth
And found your tired face.
He put his arms around you
And lifted you to rest,
God's garden must be beautiful
For He only takes the best.
He knew that you were suffering
He knew that you felt pain,
He knew that you would never get well
If on this earth you remained.
He saw the road was getting rough
And the hills were hard to climb.
So he closed your weary eyes
And whispered "Peace be thine."
It broke our hearts to lose you
But you did not go alone,
For part of us went with you
The day God called you home.
A million times we've needed you
A million times we've cried,
If we could have save you
You never would have died.
We shall all meet again one day
And there will be no more tears.
Until we meet again.
Lovingly remembered and missed by daughter, Eleanor, her husband Steve: Stephen, Scott and Ashley.

Notes for Harold Hebden Brown:

This story was taken from a video interview with Ellen (Banner) Brown
Harold first met Ellen when she was dating his brother Wilbert. At the time Wilbert had broken up with his girlfriend Alice, but they got back together and Harold decided it was time to make his move. He chased Ellen until he caught her. He would drive to where she worked and offer to give her a lift home. If he missed her he would go to her home, visit with her father and wait for her there. Ellen was somewhat afraid of him because he was such a big man. She thought his hands were so big, what would she do if he ever made a move on her! She said that she would hide out at her friend Annie's house hoping to miss him, but Harold did not give up easily and after courting her for over a year they married.

Harold built and was the chief engineer of radio station 10BQ. His father Tom was the voice of the station, but Harold was the brains behind the scene. I have a copy of the history of the station written by Tom Brown.

Harold was a genius working with anything mechanical. When he was about six the story goes that he took apart a broken clock and repaired it. He built his own movie picture camera and projector. In his sixties he started developing his own photos and he loved every new gadget that came along. I sometimes think that he was born about fifty years too soon. He would have loved all the new "toys" we have now. I can only imagine how thrilled he would have been with microwaves, computers, VCR'S, answering machines and being able to start your car from inside your home with just the push of a button!

Information taken from Brantford City Directories:

Harold's first job was in 1917 when he was listed as Lathe hd-Seale Co. I found him in 1818 with the same listing and then there is nothing until 1921 when he is a mechanic at Brown's Garage, but since Tom opened the garage sometime in 1918, I would assume Dad worked there from the beginning. He is a mechanic there until 1940 and then his occupation is listed as Radio Repair Service.

Notes for Percival Gordon Banner:
This story was taken from a video interview with Ellen (Banner) Brown in 1991.
Mom always said that she was like a second Mother to Percy and that she loved him unconditionally, he was her baby brother. He wouldn't go to sleep unless she would lay down with him and when she went to play with her friends she always had to take him because he would cry if she left.
When Grandpa came home from the first world war Percy didn't like him and said "I wish he had been killed with a bullet" Mom told me that Grandpa would bring him a chocolate bar every day a lunch trying to buy his love. When I asked if the girls got jealous Mom said of course not, "we just always hoped that Dad would forget and bring a coconut bar because Percy didn't like them and then Dad would cut it up and give it to the girls."
When Percy was about 7 or 8 he complained on pains in his stomach, but they all thought he said it just to get out of doing any work. After a few days Grandma decided to take him to see Doctor Palmer who drove him immediately to the hospital to have surgery. He was afraid that Percy's appendix would rupture before they got him there. The appendix did rupture and poor Percy had tubes coming out of him and he couldn't even have a drink of water. Apparently Percy said to Grandma and Grandpa that if they would only give him a drink of water he would die a happy person! They stayed with him until about two in the morning to make sure he was OK and Grandpa wouldn't go to work the next day because he wanted to go back to the hospital. After the surgery Grandpa always said that they took one devil out of Percy and put twelve more in! But Mom said that he had such a jolly laugh that you couldn't stay mad at him for long.

Notes for Elsie Eileen Banner:
Elsie has always been a very good athlete. When she was young she played basketball and was on the Ontario and the National teams. She was also a gymnast, played baseball and later took up golf and curling.
During the forties she played for Burtol Ladies Softball Club - they won the International League Trophy in 1947, and Elsie has her picture in the paper receiving the award. Elsie played first base and was one of the teams top hitters.
In the early sixties Elsie won the club championship her first time in the finals at Northridge Golf Club defeating Betty Edgington in the 36 hole final round. She won the ladies championship many times after that.
Later Elsie and her husband Gord MacBride joined the Brantford Golf and County Club and she also won the ladies championship there many times.
This is what was written in the Expositor after one of her wins.
Mrs. Elsie MacBride proves the adage that champions win the close games. She won another photo finish when she defeated Betty Edgington 1 up to capture the championship at the Brantford Golf and Country Club.
It was the third consecutive last-hole victory for Mrs. MacBride in the championship series.
The finalists were tied after 17 holes and Mrs. MacBride got a par on the 18th and her opponent had to settle for a bogey when a 12-inch putt rimmed the cup.

In 1940 Elsie is listed as working at Brantford Cordage and living at home.

Notes for Leslie Victor Banner:

On Leslie's birth certificate his Father William's occupation is listed as licensed Victualer, but he was also still in the army. Leslie emigrated to Canada about 1910 where he worked on various farms in the Brantford area until he enlisted in the Canadian Expeditionary Force and was dispatched to Valcartier, Quebec, where Attestation was completed on September 23, 1914. He was allotted Regimental Number 13470. At the time of enlistment Leslie was listed as five foot four inches, complexion fair, eyes blue, hair reddish. After training was completed he embarked for England on January 31, 1915 and was taken on strength of 5th Canadian Battalion (Infantry) in France on March 16, 1915. He was at the battle of Vimy Ridge on April 9, 1917. Leslie was wounded on September 28, 1916 (Shell Shock) and sent to England for a short convalescence and then returned to France where he rejoined the 5th Battalion. He embarked on the Empress of Canada to return to Canada 1919. He was discharged from the service by reason of Demobilization on April 8, 1919 at Hamilton, Ontario. For his service he was awarded the 1914-1915 Star, The British War Medal and The Victory Medal. From 1919 until 1940 he resided at Hamilton, Ontario. In 1940 he was employed to guard the structures on the Welland Ship Canal against damage by enemy supporters or agents. He remained in this capacity until he was no longer required due to the end of the war in 1945. He then obtained employment cleaning the offices at the John Deere plant at Welland until this position was abolished.
